SHORTHORN-POLLED SHORTHORN

NEAR DISPERSION

With Guest Consignment From Eugene Wild

Saturday, January 25, 1975

WELLS COMMISSION CO.
FREMONT, NEBRASKA

MENCKE SHORTHORNS WELCOME YOU

In announcing this Near Dispersal Sale, I have been faced with the hardest decision I have ever had to make. Anyone acquainted with me realizes that I am intensely interested in Shorthorns and Polled Shorthorns and greatly enjoy attending shows and sales. It has been a very rewarding and exciting experience owning some of the breed's greatest animals, plus the many friends I have made, for which I am very grateful. The challenge of showing from the day I bought my first females back in 1963 has been very rewarding.

The program here has always been to breed the best stock bulls I could find to the best females I could put together. In this near dispersal there are many great cows . . . cows that will produce and be very profitable . . . and a great bull in Arkansas Ambassador. My reason for selling this herd is the 40 acres of pasture which I rented for the last 9 years will be plowed up and put to corn and I don't have enough pasture on my home farm to carry them through. Someday when I find another pasture, there will be another herd of registered Shorthorns.

I have invited the guest consignments of Wild Bros., Fremont, Nebraska. They have been very selective in buying only the very best. These cattle look very good and their bloodlines are among the best of the breed. They have always kept about a dozen cows and they will be selling their entire select herd.

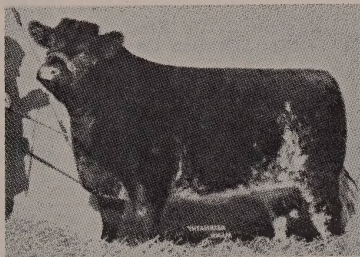

This offering sells fully guaranteed, all cattle are fully tested to go anywhere and all females will be pregnancy checked that have been in calf 90 days or more.

I hope to see you on or before January 25. If I can be of any help Sale Day, feel free to call on me and I will try to help you in any way I can. If you have any transportation problems, let me know.

Sincerely,

Darlow Mencke

QUEEN MARGARET 8th of KC—1968 International Grand Champion. Dam of Lot 2.

General Information

TIME

The near dispersion of Darlow Mencke's Modern Genes Herd will be held Saturday, January 25, 1975 at 1:00 p.m. in the Wells Commission Sale Barn, Fremont, Nebraska.

LOCATION

The Wells Commission Company is located at 500 South Main Street, Fremont, Nebraska. Turn south on Main Street across the railroad tracks and the barn will be located right at the curve. If coming from the South on Highway 77, turn east on Washington Street to Main Street.

TRANSPORTATION

If advance notice is given, we will be happy to meet your plane at Eppley Field in Omaha.

Sale Manager's Message

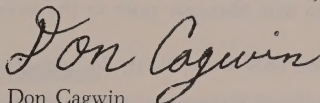

It's always sad to see one of the breeds good cow herds put up for sale. The years of planning and dedication that has gone into building a great herd of cattle makes it very hard to place a value on them.

Surely, Darlow Mencke deserves to be rewarded for his efforts in furthering the breed. Darlow has traveled the length and breadth of North America putting this group of cattle together. Perhaps his most important selection was the 2,300 pound Arkansas Ambassador. Sale Day you will have the opportunity to see the ability of this sire to produce the modern beef cattle which are demanded by today's market.

Master breeders have always said the place to buy the great females are in dispersions. Plan to be with us Friday evening for the Social Hour and Dinner, but most assuredly be on the seats January 25, when this great herd of cattle are dispersed.

Sincerely,

CAGWIN CATTLE SERVICES, INC.

We are pleased to state that the herd of Darlow Mencke has been extremely healthy and he maintains a very clean herd. Darlow's problems have been very minimal and we have seen no diseases present on his place that would be of any problem.

Sincerely,

Dr. Jack Cody

Terms and Conditions

TERMS

The terms of the sale are cash.

BIDDING

All animals sell to the highest bidder. Any disputes or challenges regarding bids shall be settled by the auctioneer and his decision shall be final. Each animal will be at purchaser's risk as soon as bid off. Announcements from the auction block will take precedence over printed matter in the catalog.

REGISTRATION AND TRANSFERS

Each lot sells with completed Registration Certificate or request for application in the hands of the Sale Manager and will be transferred following the sale.

BREEDING GUARANTEE

The animals in this sale sell under the Breeding Guarantee issued by the American Shorthorn Association. A copy of this guarantee has been printed in the rear of the catalog for your information.

MAIL BIDS

Mail or wire bids may be furnished in confidential form. Bids must be in the hands of the Sale Manager prior to the date of sale.

GUARANTEE

All cattle will sell under the Standard Guarantee endorsed by the American Shorthorn Association found elsewhere in this catalog. Certificate of registry will be transferred to the buyer of each lot.

PREGNANCY CHECKED

All cows in calf 90 days will have been pregnancy checked by sale day.

HEALTH

Official vaccination for Bangs disease has been practiced. T.B. and Bangs test will be furnished on every animal sold and official vaccination certificates with all females under 24 months of age. Every lot will comply with the health regulations into any state which they may go.

LIABILITY

We shall not be liable for any accidents that may occur, but will make every effort to provide for the safety and comfort of those attending. Accidents at cattle sales are rare, but all attending must do so at their own risk. The guarantee and terms shall constitute a contract between the buyer and seller of each lot. The sale manager was retained for specific tasks of promotional and clerical and has nothing to do with the handling of the cattle or the condition of the premises. Neither the sale manager, clerk, nor auctioneers can assume any liability.

GLEN HAVEN BRAWITH BUD x

In our 1971 Sale we sold a number of good cows that were good buys for their owners, but one cow in particular was Braeside Bella, a cow that was also by Braeside Resident and carrying a heifer calf that was Champion at the 1974 Iowa Royal and top selling female of the sale at \$2050 to Roy Coverdale. The cow was purchased here in 1971 for \$740 by Glen Haven Shorthorns of Manning, Iowa.

**HERE'S WHAT MENCKE
CUSTOMERS GET**

We think Ambassador is one of the finest bulls we have ever raised. I have never seen a bull of any breed that is longer, smoother and deeper through the hip and rear quarter, especially around the pin bones and tail head, than he is. You must remember that he has had scarcely any grain and that if a person wanted to load him with fat, he easily could be made 300 lbs. heavier. We presume that if you are going to use him on a fairly large number of cows, though, you will even be taking some weight off of him. Ambassador has a temperament that is worth \$1000 alone. A 12-year-old boy could show him anywhere with a twine string and he always has been just like that; a bull of good vigor and life but still very tractable. We are sure Ambassador will sire a fine lot of cattle and we are happy to see you get him.

With best wishes, we are

Yours truly,

/s/ Mark L. Graham

ARKANSAS AMBASSADOR — After years of travelling throughout the United States and Canada looking for the right bull to put the breed years ahead, we found Arkansas Ambassador. He is very correct in his structure, correct on his legs and trim up front; but, his most important asset is his tremendous muscling and beef qualities where it counts in a big bull. He is especially well-muscled through the loin and the rear quarter. Mark Graham, his breeder, says "We think Arkansas Ambassador is one of the finest bulls we have ever raised. I have never seen a bull of any breed that is longer, smoother and deeper through the hip rear quarters, especially around the pin bones and tail head than Ambassador." National show junior champion bull in 1970, 15 times grand champion in 1971 and 1972 at major shows from North Dakota to Texas and Illinois to California.

This calf has tremendous size for his age and is out of one of the finest cows of the breed. This calf can win at the 1975 Shows if given the opportunity. He has great length, plenty of leg and is well muscled. His mother has produced great calves for years, and Yalta is probably the best bull she has ever been mated to. He is made much like the \$9,200 Remitall Dingo 204D that topped the Remitall Dispersion. This is a great young herd bull prospect that can write Breed history. EUGENE WILD CONSIGNMENT

Shorthorn Friends:

Last year I went to the G. W. Zennel & Son Dispersion looking for a young bull and bought a son of Roan Ranger 2nd x with the full intention of staying in the cattle business. Because of today's labor problems and a large area to cover, I do not feel that I can care for these cattle properly.

They are a useful, select group with the majority of them Thiemann breeding. These are some outstanding calves at foot by Excalibur Leader x. Most of the females are rebred to Hel-Lo-Na Ranger 47th x which I paid \$1600 for as a ten-month old calf. I am retaining the 47th because of an injured eye, otherwise he would also be in the sale. He will be offered for sale at a later date when he is pronounced sound by my veterinarian.

We are certain you will not be disappointed in the quality of this sale. We wish to thank Darlow Mencke for his kindness and his help in this sale and wish him continued good fortune in the future.

We have had the pleasure of meeting the finest people I have ever known in the Shorthorn business.

Yours truly,

EUGENE WILD

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals cataloged have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
